Gabriel Miranda

👤 Profile

I'm a full stack developer passionate about software and for new knowledge and challenges. Always looking to do the best and stand out in this IT job market

💼 Employment History

Jr Full Stack Developer at Dashcommerce, Brasília

May 2020 — Present

- Creation of new functions in the Encryption and decryption Back-end using **Node** and **Firebase**
- New screens using **Angular** and **Ionic**. I also solved a lot of bug fixes
- Improvement of the home page that was very slow. Creating a new logic that the user chooses if he wants a direct connection with the **Woocommerce API** or a connection with our backend that communicates with the Woocommerce API
- **Git flow** practices

Trainee at Valec Engenharia, Brasília

November 2015 — November 2017

- Document filing
- Document dispatch and public service
- Creating memos
- Computer maintenance

🎓 Education

Technical and high school, Federal Institute of Brasilia, Brasília

February 2019 — February 2021

Technologist, Federal District University, Brasília

February 2022 — June 2024
